OVERHEAD PIPE, LIGHT FIXTURE, WALL AND CEILING CLEANING ATTACHMENTS

Made of a durable, non-conductive plastic, this unique line of cleaning attachments allow you to extend your U.S. Postal Service approved HEPA vacuum's cleaning applications to wall, ceiling, overhead pipes, and light fixtures. The attachments are featured in a variety of diameters to fit any U.S. Postal Service approved vacuum.

Over-Head Pipe Cleaning Attachments

Black non-conductive plastic over head pipe cleaning attachments make it easy to reach the tops of dusty pipes with your vacuum. One attachment cleans pipes 1" to 4" in diameter while the other cleans pipes 4" to 8" in diameter. N1023552 and N1023550 have an outtake port measuring 1/2" in diameter and N1023553 and N1023551 have an outtake port measuring 1 9/16" in diameter. Attaches to the N1023588 or the N1023589 aluminum extensions.
